

6 STEPS to GOOGLE CERTIFIED TRAINER

1 TRAINER COURSE

Complete the Google for Education Trainer Course (~6-8 hours). This course will provide instruction on 1) Creating and Delivering Inspiring and Effective Training Plans and 2) Helping Educators Use Transformative Google Technologies. This course will also help you bolster the training, leadership, and interpersonal relationship skills that make you an effective trainer.

5 FILM A TRAINER VIDEO

Distinguish yourself by submitting a 3-minute video introducing who you are as a trainer (1-3 hours prep time). In the first minute, wow us by explaining why you wish to become a Trainer and what makes you unique and Googley! The final 2 minutes of the video should teach the audience how one feature of G Suite, Google Classroom, Chromebooks, Chrome, or Google Expeditions can be innovatively applied in a classroom or school setting. Screencasts are required unless an exception is sought from gfe-trainer-program@google.com.

6 APPLY

Submit your membership application with the above materials (1-2 hours). You will be asked to list five recent Google trainings. You will also be asked to use those trainings as a case study with a series of short questions. Your responses will give us an understanding of your training experience, including planning, implementing, evaluating, and building learning materials. You will be asked to submit links to example training materials you have created for that training, as well as feedback you have received on that training.
